

PETITION TO THE OKLAHOMA STATE LEGISLATURE

WHEREAS continued access to quality healthcare for Oklahoma’s seniors is in jeopardy;

WHEREAS long term care facilities are often the community’s largest employer, especially in rural Oklahoma, and that our workforce makes the critical difference in patient’s lives and outcomes;

WHEREAS long-term care providers remain committed to providing quality care and services wherever needed;

WHEREAS Oklahoma’s long-term care profession is an integral and critical segment our State’s health care system;

WHEREAS care for Oklahoma’s seniors faces an unprecedented funding shortage due to recession and significant cuts to Medicaid and Medicare.

BE IT RESOLVED that we—residents, family members, caregivers and concerned Oklahomans—urge the Oklahoma legislature to make adequate funding to long-term care a priority so that every Oklahoma senior can have access to the quality care they need, deserve, and expect.
